**CASE NO.
Class Code: 30703**

Child's Name (if applicable)

_____ petitions the Court pursuant to Wis. Stat. § 69.12 for a hearing and determination by the Court that the information on a vital record does not represent the facts in effect at the time the record was filed. A certified copy of the original vital record is attached to this petition.

The state registrar was not permitted to amend the vital record under Wis. Stat. § 69.11 for one of the following reasons: The petitioner has insufficient evidence to obtain an amendment through the State Section of Vital Statistics; an item has been amended one time and a party now wishes to amend the same item a second time; the 365 day time limit for amending items on a vital record has expired and the time to be amended is not specified as being amendable without a court order. The State Registrar may only amend certain specified items without a court order (and only on birth records) after the 365 day time limit has expired (e.g., name correction).

The petitioner wishes to amend the attached vital record as follows:

Reasons for the above requests change(s) of vital record are:
